**A History of American Magazines, Volume II: 1850-1865** Oct 12 2019 The first volume of this work, covering the period from 1741-1850, was issued in 1931 by another publisher, and is reissued now without change, under our imprint. The second volume covers the period from 1850 to 1865; the third volume, the period from 1865 to 1885. For each chronological period, Mr. Mott has provided a running history which notes the occurrence of the chief general magazines and the developments in the field of class periodicals, as well as publishing conditions during that period, the development of circulations, advertising, payments to contributors, reader attitudes, changing formats, styles and processes of illustration, and the like. Then in a supplement to that running history, he offers historical sketches of the chief magazines which flourished in the period. These sketches extend far beyond the chronological limitations of the period. The second and third volumes present, altogether, separate sketches of seventy-six magazines, including The North American Review, The Youth's Companion, The Liberator, The Independent, Harper's Monthly, Leslie's Weekly, Harper's Weekly, The Atlantic Monthly, St. Nicholas, and Puck. The whole is an unusual mirror of American civilization.

**In Touch** Feb 25 2021 This extraordinary collection of correspondence by Paul Bowles spans eight decades and provides an evolving portrait of an artist renowned for his privacy. From his earliest extant letter, written at the age of four, to his precocious effusions to Aaron Copeland and to Gertrude Stein; from his meditations on mescaline as relayed to Ned Rorem, to his intensely moving letters to Jane Bowles during her illness, *In Touch* fills in the lacunae left by previous biographers and offers a rare look at the many aspects of Bowles's brilliant career—as composer, novelist, short-story master, travel writer, translator, ethnographer, and literary critic. Here is Bowles on the genesis of his first novel,

The Sheltering Sky; on his distaste for Western melodies and his dogged attempts to record indigenous Moroccan music; on the Beats, Gore Vidal, Truman Capote, and Tennessee Williams; on the nature and craft of writing; on Bernardo Bertolucci, David Byrne, and Sting; on the decline of American and the challenges of living in North Africa. Gossipy, reflective, enlightening, and always entertaining, *In Touch* stands as an epistolary autobiography of one of the legendary writers of our time, and a unique chronicle of the twentieth-century avant-garde.

*Christian Writers' Market Guide 2010* Apr 10 2022 Identifies approximately one thousand markets for Christian writers, including book publishers and periodicals, each with contact information and submission guidelines, and includes listings of literary agents, poetry, greeting card, music, and photography markets, and contests.

*Teachers and Code-breakers* Dec 26 2020 That Genesis was a key text in the formation of the medieval intellectual world is well recognised. But what were the motives and methods of those who used it? This book looks at the writers and how they wrote about Genesis to reconstruct the intellectual history of the period. It explores how their use of Genesis discloses common attitudes to revelation, authority, and one another. In turn the book examines, how awareness of their self-understanding, can help in understanding their exegesis. Since they built on authorities and one another, and wished 'to remain true' to their authorities, how did exegesis change and develop? This study reveals a group who saw themselves as a single body dispersed over time, charged with a common task as 'Christian Schoolmasters', and who wished to retain all they had received, make it suitable for teaching their students, and ensure its continuance. The book explores the intellectual bonds between those we usually study (e.g. Augustine) and umpteen others whose often anonymous exegeses we tend to ignore - yet it

was the cumulative impact of both that created medieval theology.

*Baily's Magazine of Sports and Pastimes, Vol. 64* Feb 20 2023 Excerpt from Baily's Magazine of Sports and Pastimes, Vol. 64: Nos. 425-430; July to December, 1895 Tm; face that looks out so pleasantly and inquiringly from the opposite page is surely one of the best-known not only on all racecourses but in many of our London thoroughfares - shall we say Fleet Street and the Strand, for choice, the latter near Bomano's about the luncheon hour. The writer thinks that Romano's about or 2 pm. Is a very decided good thing. Not that our friend is wedded to one restaurant or one house for the midday meal - he is too catholic minded for that. From the Nim rod Club to the Ship and Turtle. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. **The Oxford Companion to the History of Modern Science** May 19 2020  
Containing 609 encyclopedic articles written by more than 200 prominent

scholars, *The Oxford Companion to the History of Modern Science* presents an unparalleled history of the field invaluable to anyone with an interest in the technology, ideas, discoveries, and learned institutions that have shaped our world over the past five centuries. Focusing on the period from the Renaissance to the early twenty-first century, the articles cover all disciplines (Biology, Alchemy, Behaviorism), historical periods (the Scientific Revolution, World War II, the Cold War), concepts (Hypothesis, Space and Time, Ether), and methodologies and philosophies (Observation and Experiment, Darwinism). Coverage is international, tracing the spread of science from its traditional centers and explaining how the prevailing knowledge of non-Western societies has modified or contributed to the dominant global science as it is currently understood. Revealing the interplay between science and the wider culture, the Companion includes entries on topics such as minority groups, art, religion, and science's practical applications. One hundred biographies of the most iconic historic figures, chosen for their contributions to science and the interest of their lives, are also included. Above all *The Oxford Companion to the History of Modern Science* is a companion to world history: modern in coverage, generous in breadth, and cosmopolitan in scope. The volume's utility is enhanced by a thematic outline of the entire contents, a thorough system of cross-referencing, and a detailed index that enables the reader to follow a specific line of inquiry along various threads from multiple starting points. Each essay has numerous suggestions for further reading, all of which favor literature that is accessible to the general reader, and a bibliographical essay provides a general overview of the scholarship in the field. Lastly, as a contribution to the visual appeal of the Companion, over 100 black-and-white illustrations and an eight-page color section capture the eye and spark the imagination.

*The National Geographic Magazine, Vol. 27* Mar 17 2020 Excerpt from *The National Geographic Magazine, Vol. 27: January June, 1915* The employment of Amsterdam's Jewish population in the polishing of diamonds is an important factor in the industry of this city. **The Decline and Fall of the British Empire, 1781-1997** Apr 17 2020 A WASHINGTON POST BOOK WORLD NOTABLE BOOK After the American Revolution, the British Empire appeared to be doomed. Yet it grew to become the greatest, most diverse empire the world had seen. Then, within a generation, the mighty structure collapsed, a rapid demise that left an array of dependencies and a contested legacy: at best a sporting spirit, a legal code and a near-universal language; at worst, failed states and internecine strife. *The Decline and Fall of the British Empire* covers a vast canvas, which Brendon fills with vivid particulars, from brief lives to telling anecdotes to comic episodes to symbolic moments.

**The Oxford Companion to United States History** Jan 07 2022 Here is a volume that is as big and as varied as the nation it portrays. With over 1,400 entries written by some 900 historians and other scholars, it illuminates not only America's political, diplomatic, and military history, but also social, cultural, and intellectual trends; science, technology, and medicine; the arts; and religion. Here are the familiar political heroes, from George Washington and Benjamin Franklin, to Abraham Lincoln, Woodrow Wilson, and Franklin D. Roosevelt. But here, too, are scientists, writers, radicals, sports figures, and religious leaders, with incisive portraits of such varied individuals as Thomas Edison and Eli Whitney, Babe Ruth and Muhammed Ali, Black Elk and Crazy Horse, Margaret Fuller, Emma Goldman, and Marian Anderson, even Al Capone and Jesse James. The Companion illuminates events that have shaped the nation (the Great Awakening, Bunker Hill, Wounded Knee, the Vietnam War); major Supreme Court decisions (Marbury v. Madison, Roe v. Wade); landmark legislation (the Fugitive Slave Law, the Pure Food and Drug Act); social movements (Suffrage, Civil Rights); influential books (The Jungle, Uncle Tom's Cabin); ideologies (conservatism, liberalism, Social Darwinism); even natural disasters and iconic sites (the Chicago Fire, the Johnstown Flood, Niagara Falls, the Lincoln Memorial). Here too is the nation's social and cultural history, from Films, Football, and the 4-H Club, to Immigration, Courtship and Dating, Marriage and

Divorce, and Death and Dying. Extensive multi-part entries cover such key topics as the Civil War, Indian History and Culture, Slavery, and the Federal Government. A new volume for a new century, The Oxford Companion to United States History covers everything from Jamestown and the Puritans to the Human Genome Project and the Internet--from Columbus to Clinton. Written in clear, graceful prose for researchers, browsers, and general readers alike, this is the volume that addresses the totality of the American experience, its triumphs and heroes as well as its tragedies and darker moments.
